DETAILED ACTION

1. This office action is in response to Appeal Brief dated: 3/23/07. Based on this Appeal Brief, claims 1-28 are pending.

Allowable Subject Matter

2. Claims 1-28 are allowed.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose, teach or suggest directly, or indirectly the following limitations in combinations with other limitations of the claims, as follows:

As recited by claims 1 and 27,

"an upper layer of a communication protocol for wireless communication of packets performing a slow release in which the upper layer removes from a buffer maintained by the upper layer the oldest packet in the buffer when the buffer is full and a new packet arrives, and does so independently of whether the oldest packet has been acknowledged by a radio layer that receives data as packets from the upper layer and prepares the packets for wireless transmission; and
the radio layer performing a local acknowledgement in which the radio layer sends a local acknowledgement to the upper layer on the occurrence of a predetermined event, the local acknowledgement indicating to the upper layer that the radio layer has received from a peer radio layer an acknowledgement that a packet has been successfully transmitted".

As recited by claims 21 and 28,

Art Unit: 2617

"an upper layer, configured to perform buffer management according to either a normal mode or a special mode, and in the normal mode the upper layer performs a slow release procedure in which it removes from a buffer it maintains the oldest packet in the buffer when the buffer is full and a new packet arrives, and does so independently of whether the oldest packet has been acknowledged by a radio layer that receives data as packets from the upper layer and prepares the packets for wireless transmission; and the radio layer, configured to trigger the upper layer to perform buffer management according to the special mode by sending a local acknowledgment to the upper layer on the occurrence of a predetermined event".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
